

CIRCULAR AGENDA No.1 : TRIENNIAL REVISION OF ASSESSMENT OF PROPERTIES FOR THE BLOCK YEAR 2014-2017 :

Reference CBR No.26 dated 14.12.2015.

To consider the objections received from VP & Elected Members and tax payers of Wellington Cantonment Board regarding the fixation of taxes on properties in the Cantonment. Many villages of the Cantonment have collectively represented to the CEO stating that the taxation is high and uneven. They expressed their dissatisfaction on the steep increase of taxes and also inability to pay the doubled taxes due to financial constraints and other problems. Hence, after consideration of the requests of the local residents, it has been decided to increase taxation of all properties uniformly by 20% of the existing annual property tax.

As the end of the financial year is fast approaching and taxes along with difference taxes have to be collected, the revised decision taken on the Triennial assessment of properties is being circulated for information and approval of all Members of the Wellington Cantonment Board.
